In the Name of the True and Living God, The Lord of Lords, The King of Kings, The Lord and Master of All Worlds, The Supreme Being Almighty God Allah, One to Whom all Praises are due to Forever and Hereafter and In the Name of his Son the Universal Saviour God and Devine Deliverer do I greet you in the most Holy and Highest respects of the Universe in PEACE! my beloved Brothers and Sisters.

First of all I hope this brief communication will find all of you in the best of health mentally as well as physically. I would also like to extend season greetings on the dawn of this year "83" in hopes that you will use creative understanding, which is understanding that builds righteously and do not become a victim of destructive understanding in these days in time!

I would like to take this opportunity to discuss a subject, that I feel at this time deserves more clarification, it is the man we call Yacob! (the same the Jews call Jacob!) One must first understand that not only was this man our Brother, he was also one of our first and greatest prophets, (a prophet is one who carries out the teachings, the works or the will of Allah and who has the insight to foretell future events or things that are to come!) Yacob had no choice in the matter it was predicted before he was born. It was the will of Allah and that is the Universal Law "that which is one with Allah (righteous or holy) must obey that which he command!" Just as the sun, moon, stars and planets must obey the course which Allah has set them on. If one of them altered that course by as little as one millioneth of an inch, it would cause it's own self destruction, thus Yacob had no choice than Muhammad of 1400, Moses (Musa) or Jesus had!

Once we understand why Yacob see the cipher born we must ask ourselves another question which is

^{Y A C O B}
WHY ALLAH SEE CIPHER BORN? YACOB!

The Name Yacob itself tells us that there is more to be understood than just knowledge and wisdom. Our 38th degree in the 1 to 40 tells us that, God MADE Devil; to show forth his powers that he is all wise and righteous and that he could make a devil that was weak and give the devil the power to rule the Earth for 6,000 years then destroy the devil in one day; without falling a victim to the Devil's civilization; otherwise to show and prove that Allah is the God, always has been and always will be! This lesson is quite clear in stressing that Allah could make a

devil that was weak and give the devil the power to rule for 6,000 years! It does not say that Yacob or Moses (Musa) gave the devil power or even that the devil gave himself the power. If it had been up to the devil, he'd still be in the caves of Europe! It was the will of Allah and if Allah will it, so be it!

Allah taught us that unless you realize this you are lacking in a very important element which is understanding, he taught us that the devil had a job to do and he did it well.

He taught us that you cannot say that you are God or One with Allah and say that you hate the devil as a people! he did not say that we must love the devil, only that we must understand him and his purpose for being born on the planet, because to say that you are God and One with Allah and then say that you hate, that which is his will shows a direct conflict in teachings and in mind.

Brothers and Sisters, Just as Allah has taught us that God must make Gods! It is the devils job to make devils of others. They have realized for thousands of years that they were considered one of the lowest forms of life on the planet. They used the knowledge which they stole from our forefathers in Asia and Africa to build a civilization that would breed an even lower kind of devil, one who is in conflict with his own nature, one who was not sent by God, one who is sent by the devil, one who preys on his own people, family or even the children! Is it any wonder that the Caucasion is no longer considered the Skunk of the Planet Earth! It is not just our people who fall victim to the traps of his civilization. We see Columbians come here and kill each other off in cocaine wars!; Chinese youth gangs at war! how long do you think they could pull that in China? So called Moslems from the East over here selling pork in our communities, when they would have been beheaded in their own countries for just handling it! The Caucasion has deceived the whole world! do you think this would have been possible if it was not the will of Allah?

I know some of you will say why did Allah have to prove it to us? or why did he have to come down so hard? That's another article which will appear in the March Issue of the Sun of Man! Aw what the Hell let's go with it! (Note: Hell meaning - place or state of torment, wickedness, turmoil and destruction!)

THE AMERICAN INDIAN! HOW?

How is the key question, first of all our student enrollment tells us that the Indians are original people!, also that Buddhist is a 35,000 year old religion! Lesson No. 1 tells us that they were exiled 16,000 years ago. It's obvious that, they must have done something wrong! You can't blame that on the devil he wasn't on the planet yet!

For the solution we go back over 35,000 years to an Original Man who was named Budda, he was considered one of the wisest teachers and philosophers of his times and a prophet to others. The original Budda traveled throughout Asia and taught that Man should be one with his creator and the Universe, that one could elevate ones spiritual being by living a righteous life and helping others, because of his intellect and their love for his teachings many of his students tried to give praises to him, during his lifetime, Budda taught that it was wrong to praise him, that they should praise ALLAH The True and Living God! However, upon his death some of his students, the Indians among them, took it upon themselves to proclaim that Budda had been God and the Universal Ruler, one to whom all praises were due. The name Budda became a title given to tribal leaders, these teachings were kept secret away from large populations because they knew that their teachings would not be tolerated by the righteous.

As time and generations passed, their teachings became more diluted as their population grew so did the things that they chose to worship. Needless to say it had become obvious to the righteous that they no longer gave praises to Allah, they found this unforgivable, and agreed that they should be exiled into the wilderness.

Those who admitted to this new religion were forced to go into the wilderness that we now call North America, they traveled up through Asia into what is now called Russia, there they crossed over into what is now called Alaska, at that time what is now called Chukchi Russia was connected to the seaward Peninsula of Alaska by land. (any Historian will tell you, that the horses of America came here from Asia by that route, ask him who brought them!) This land is now separated by water which is called the Bering Strait.

Some of the Indians settled in Alaska and were called Eskimoos which means raw fish eaters, others traveled down through N. America and settled there while others traveled further south into the warmer climates of central and south Americas.

During their exile the Indians did not return to the original way of life which is Islam, but continued to worship everything from Buffalo, fish, corn to wooden tottem poles.

Brothers and Sisters, if this article has given at least one of you a clearer understanding of why All see Cipher Born or the American Indian How! Then it has served its purpose until our minds meet again! PEACE!

A WORD TO THE WISE

IT IS BETTER TO LIGHT A CANDLE,
THAN TO CURSE THE DARK!!!

YOUR BROTHER IN TRIBULATIONS

UNIVERSAL SHAAMGAUDD ALLAH

VENUS

The second planet from the Sun, 67,000,000 miles and is approx. 7,600 miles in diameter with a surface temperature of 480°C 900F making it hotter than the surface of Mercury. This is caused by an atmosphere of carbon dioxide (CO₂). A year on Venus is 225 days. Venus rotates counter-clock-wise and very slowly, thus a Venus Day is really 243 days.

YOU AND PUBLIC HOUSING

Brothers and Sisters, in these days in time when gas, electric and telephone bills are often equal to, or more than your monthly rent, makes N.Y.C. Public Housing one of the few bargains that the city has left to offer.

A lot of Brothers and Sisters believe that because we do not get married under the laws of this government, that we are not eligible, this is not true! Under N.Y.C. Law, any couple who can prove they have been together for 4 years are considered a legal common-law marriage and thus valid in the eyes of their laws (we know common-law to be the original law even under their teachings, after all, under what governments laws did Adam and Eve get married under?)

The easiest proof of this is a 3-year old child with both parents name on the birth certificate, other ways are joint rent receipts and utility bills covering a 4-year period showing the same address or a notarized letter from your lawyer and other civic organization.

Once a person has submitted their application and gotten a reply placing him/her on the waiting list, there are several things you can do to sweeten your position on that list.

- (1) You can get a Holdover Eviction Notice (not a non-payment eviction) from your landlord. A Holdover Eviction Notice means that your lease has expired or that the landlord needs the apartment for another reason that is not your fault. (Please take note: This is Not a non-payment eviction notice that you get for not paying your rent. N.Y.C. Housing Authority will not take anyone with a Non-Payment Eviction, they feel that if you didn't pay your old landlord on time, you won't pay them either!) When you go to court with your Holdover you can usually arrange for the Judge to give you 2-3 months to move, then you take a copy of the final judgement to the NYC Housing Authority at 250 Broadway in New York (make sure the judgement says Holdover, not non-payment) they will have to place you on the emergency list, and place you within 2-3 months!
- (2) If you are 18 years of age and a registered voter (which all five percenters of age should be sense that was a direct request from the father!) Once you have applied you should write your Councilman, Assemblyman, Congressman, even the Mayor and Borough President, informing

them of the conditions of your present apartment (fire hazards violations, overcrowding, health hazards, insect or rodent infestation, etc. which ever apply) and request their aid in getting you into public housing, you can find out who your representative is and his mailing address by calling the Board of Elections of your borough!

- (3) If you or anyone who will live with you has a medical problem, you should get a letter from your doctor verifying the existing medical conditions and submit this to the NYC Housing Authority and send a copy to your elected representatives along with your letter.

While I understand that not everyone finds NYC Housing desirable, I'm sure all of us have loved ones, parents, elderly relatives, friends, brothers or sisters who are living in sub-standard housing (fire traps, rat and roach infested, without heat or hot water or with bloodsucking landlords who refuse to make necessary repairs). It won't hurt to pick up an application for them and help them fill it out and send it in! Remember! The Civilized are held responsible for the Uncivilized Regardless!!!

Public housing applications will be made available at our Universal Rallies and at our schools in each borough.

Completed applications should be sent to

COVER STORY

In case you haven't noticed the cover of the Sun of Man changes every issue. This is because when this series is completed, the covers, when put together, will tell a story to those who have understanding, this is called a Photo Essay.

The cover of the first issue shows our flag with the third and seventh points extended slightly longer than the other points. This symbolizes open arms to those who seek the true and original teachings of the Five Percent Nation or a clearer understanding of God!

Our motto "Light Traveling at the speed of Thought" has numerous meanings and understandings. The Light or Truth which is revealed in the Sun of Man is so bright and so right that even a blind man can see it! and it is there for all who seek it.

The verses one from the Bible one from the Holy Qur'an are those we feel apply to us as a nation and the theme of the current issue of the Sun of Man. The first issue showed Ezekiel 3:18 from our lessons in the 19th degree. "When I say unto the wicked thou shalt surely die and thou give him no warning nor speak to warn the wicked from his wicked ways to save his life the same wicked man shall die in his own iniquity, but his blood will I require at thine-hand"!

Holy Qur'an Sura 13 (Al-Ra'd or Thunder) 25 verse "But those who break the covenant of Allah after having plighted their words thereto and cut asunder those things which Allah has commanded to be joined, and work mischief in the land; on them is the curse; for them is the terrible home"!

The second issue showed Sura 2 (Al-Baqarab the Cow) verse 153

"O ye who believe! seek help with patient perserverance and prayer, for Allah is with those who patiently perserve!" And St. Luke 12 chapter 47 verse of the Bible "And the servant which knew his lords will and prepared not himself, neither did according to his will shall be beaten with many stripes!"

BORN ALLAH - ALLAHS FIRST BORN OF PELAN

Born Allah was sent to the Bronx (called - Pelon - Pelan or Patmos) by the father in 1967 because he was one of the few brothers that Allah felt qualified to deal intelligently with the savageness of that borough at that time. Born Allah did an outstanding job there and was highly respected by the community as a whole. However the then District Attorney Burt Roberts had forwarned that he would not tolerate the teachings of Allah in his borough and that anyone caught doing so would be cast into prison.

In 1971 Born Allah went to the defense of a young brother who was about to be shot by a man over a dispute over a mini-bike that belonged to the man's son. The man turned the gun on Born Allah, this allowed the young brother to flee, the man then ordered Born Allah to place the mini-bike in the back of his car. It has been said that by this time some brothers and a crowd began to approach the man. Testimony shows that the man then opened fire wildlly at the crowd and then fled with the crowd in pursuit.

The man was later found dead and Born Allah was charged with murder, and was later convicted, even though the state's witnesses testified that the man was the aggressor.

Brothers and Sisters this was over 12 years ago, that's even longer then the 10 years that the Brothers of the Harlem Six were imprisoned at the hands of blind justice. What you young Brothers who have never been in prison may not realize (and I honestly hope you will never have to experience!) is that prison is like being in a steel box with one door that is jammed and you must apply all the pressure and power that you have to push that door open and it's much easier to get that door open if you have someone on the other side pulling for you.

So we are asking all those who are serious, I repeat those who are serious about helping to pull that door open for Born Allah to meet with us at Allah's school in Medina - 51 McDougal Street, Brooklyn, NY 11233 - 212-771-4659 on Feb. 22, 1983 at 7:00.

Seriously yours,

Universal S. Allah
