INTRODUCTION

This is the original and proper order of the first born. Anything or anyone else is totally contrae or a down-out lie and I accept any and all challenges from anyone to prove me different. For I am dealing in the supreme mathematical order of the teachings of almighty God Allah, which are right and exact and can be proven beyond a shadow of a doubt within no limit of time.

Now for those of you that have been running around saying so many things different, I say correct and amend your ways, and as we use to say, stop claim-jumping, find yourself back to the original teacher and trace your rightful heritage to the proper order of your teachings. (Meaning if you can not bring it back from which it all came then there are errors in your ways of teaching. Meaning maybe, and with no doubt in my mind you are not a five percent never was and perhaps will never be, simply cause you can not come and tell me that nobody taught you anything, for that's a lie!! A lie that you do not believe yourself. The only man that I know that was self-taught was almighty God Allah, himself; anyone else is lying to themselves. (Thank you very much.) So get your act together, if you have an act, or just get for real the time has come for the structuring of the nation. No more, I am God and I do as I please-bull shnitz. There will be no more of that in the name of the five percent nation. For all that is just plain savagery in itself. Don't bring the bull shnitz difficulty around the nation, we can do without it. Please, need I say more? I think not, I was taught whosoever that do not heed will definitely feel for chastisement is swift and changeable as in the beginning shall be the end, listen carefully. That has been taught to us as a people.

In the name of the true and living being the lord of all the worlds. To whom all praises are due to now and hereafter. Whose proper name is ALLAH. I greet you all in the highest order of respect that exist in the universe, PEACE!

As always, I hope this issue finds you and yours in the best of health, spiritually, mentally and physically. As for myself I am moving in stride with the help of the almighty and those of you that continue to help support me in my endeavors thank you all very very much. We can only see ourselves improving here and overall.

All the history that the brothers write about is ideal. However we here are more concerned with our history and the values and teachings ALLAH gave us. ALLAH YOU GOD US HE TAUGHT. This is our prime objective and focus, Because to be curious about someone else concern, while still ignorant about ones self is ridiculous. Think.

You must keep the focus on yourself. We must and shall face the realization of ourselves as a real nation. You cannot do this while learning about everybody else, except yourself. It is the cause of all the misunderstanding and misinterpretation of our teachings.

One of the things we were taught that the time would come when we would have to stop drinking and drugging. Because when the people brought their children to be taught. You could not teach them right and exact being drunk up or drugged up and nodding or skied out of your mind. That is one main reason the people do not bring their children to you and if they do shortly after, they want nothing else to do with you. Look at the rappers for instance. I do not blame them.

We are acting other than ourselves. In the early days it was the swine that made us act other than ourselves. Today it is the drugs and alcohol that makes you act other than yourself. Take a real hard look at it and tell me otherwise and that will be self deceit.

This must be addressed no doubt about it. We will never achieve anything or accomplish any goals as a nation of people.

We were taught that we would have to make our own. That is the simplicity of the first degree in the STUDENT ENROLLMENT. We must make and acquire our own. Maker and Owner, that is the very essence of the degree. Make your Own. It can be no plainer said.

We were also taught not to talk about people. Talk to the people not about them. You should have more than enough to talk and teach about your self and culture, than to stand around and talk about other peoples.

To learn about the peoples of history, ancient and recent is ideal and good to know. However we were taught to learn ourselves and what were we going to do, What mark will you leave in history?

Not just in our own history also to mankind. Do you not get it history meaning your own story. What are you going to do, Think?

We were taught patience, tolerance, love for all mankind and regard for all life forms. To be in touch and in tune with all his magnificent creations. For everything serves its purpose.

This is the true science of everything in life through love peace and happiness. We were taught to experience everything yet remain the same. Through the experiences, we acquire strengths and discover our weakness and be able to develop our hopes and our aspirations for our future and posterity.

To venture in all walks of life and bring back what we have attained in to our fold. For the benefit of all concerned as a unit. We were taught not to let anyone or anything stop this. Our prays our sacrifices our lives and our deaths are all for ALLAH.

We were taught to be the greatest psychiatrists in the world. We were taught the mind frames of all the people on and off the clock. The mathematical aspects of their daily lives hour by hour day by day. Think about it this is what was given remember.

Also any major disputes with your brother are to be settled in a family context or fasted out between the two brothers. This is a principle that has long been abandoned.

We were taught that a man that wears his hat on backwards displays that his mind is thinking backwards. We were taught that a man that wears two hats displays that his mind goes in two different ways. We were taught that each tub stands on its own body each one carries their own weight. Meaning each man is responsible for his deeds and actions. We were taught that the weak ones would have to believe on the strong ones until they were able. We were taught to take the initiative of our situations, to be stand up forefront runners people of affirmed confirmed positive action.

We were taught that those of us that did not have to change their names during the transition from the koranic and biblical times to the mathematical and alphabetical present had blessed names. Chosen names so to speak, the choice being entirely theirs.

We were never given names we choose our own. We were given supreme understanding through the facilitation of the one hundred twenty degrees nothing else. We were given the understanding of I Self Lord And Master. However we were grounded in the alphabetical mathematical culture of ALLAH. We were taught not to let no one stop this or us from achieving our mission.

Many of us think after learning the one hundred and twenty degrees by quotation that thats it. A parrot can learn to quote that, you must make applicable the understanding of such in your life.

We were taught to examine everything, learning from experience first hand, for the unexamined life is not worth living.

We were taught that we would have to take the poor out of our mandate. This is no easy task, however it is in the realm of reality.

We were taught to find the middle of all situations, making us capable to rise above it all not taking offense to either side.

That is the science of the true square that we speak of simple.

We were taught the stages and levels of the mind also how to acquire and strive to attain these levels and stages of the mind.

We were taught mind over matter, if it was not on the mind it really did not matter. We were taught mental telepathy also along with mental teleportation being all minds is one and mind travels so that only mind can detect mind. We were taught the science of self hypnosis.

We were taught the basic teachings, to sustain and carry us through the good and bad times, easy and difficult, as long as we held fast to them regardless to whom or what.

We were taught that the science of the rainbow was all the human families coming together brought about by the teachings of the five percent grounded in the culture of ALLAH. Under a universal government of peace and happiness truly achieving our reward.

We were taught to look at the sun during it's apex point to see it's true color and core exhibiting true mastery.

We were taught that in the cycle hour of knowledge, the magnetic mind transmits the daily energy to the sun in the cycle hour of wisdom it is released.

We were taught to master certain stimulation we had to leave it alone. The same is applicable to many things in life.

We were taught that a fish would not get caught if he did not open his mouth. We were taught that a wise fish when encounters murky waters he will swim deep. A fish may get caught not opening his mouth during a drag net which many of us have encountered (wrong place at the wrong time) A wise fish however will avoid the dragnet.

We were taught the understanding of the heavens and the arrangements of the stars and planets and their significance to us here on earth. We were taught to diffuse the confused at any given time.

We were taught these things and many more. Whom of you feel that you are worthy enough to stand in his ALLAH'S shadow, must less fill his shoes collectively we can fill the bill. It takes one hundred flames to ignite the sun. We were taught that when we come together for righteousness sake in his name he will be with us in all our endeavors and efforts.

We were taught that it was not just enough being right, that we must be right and exact no gray area in ALLAH's living mathematics.

We were also taught that we would have to bring those brothers out of the penal system and keep them out. We achieved a limit of success with the HARLEM SIX which many of you know nothing about.

We must exhibit positive qualities out here to create our own work release program for our people positive rehabilitation drug and alcohol prevention, safe houses career and job development within our own ranks. To stop the brothers and sisters from going around in that revolving door of the penal system. Because continual offense only indicates something is vitally in err.

We were taught to control our actions, however we are not in control until our actions are under domination of our intelligence, and our intelligence cannot properly function until we have complete thoroughly schooled it into instinctive sober and sane thinking. This constitutes one whale of a job, one that will last a life time. We can start on it TODAY!! Until next issue in your service PEACE!

In the name of ALLAH all praises are due. GYKEE.
